Description:

The Department of Physical Therapy at Thomas Jefferson University in Philadelphia (<http://www.jefferson.edu/university/health-professions/departments/physical-therapy.html>) invites applications a 12-month faculty positions within our Doctor of Physical Therapy program. We seek candidates with expertise in any musculoskeletal physical therapy. Candidates must have an earned academic doctorate and be eligible for licensure as a physical therapist in Pennsylvania. Preference will be given to candidates with academic teaching experience and an active research program and sustained or strong potential for extramural funding. Workload distribution across teaching, research, and service, as well as faculty rank and salary are negotiable and commensurate with qualifications.

The Department of Physical Therapy consists of 14 full-time core faculty, associated faculty and clinical laboratory instructors. Sixty students are enrolled each academic year. The faculty within the Department of Physical Therapy embrace a culture of clinical excellence through interprofessional education and practice, innovative teaching across the curriculum and in the University Clinical Skills & Simulation Center, and integrated experiential learning at Thomas Jefferson University Hospital. The Department features research laboratory spaces, as well as state of the art classrooms and teaching laboratories. Teaching and research collaborations within the Thomas Jefferson University community as well as with external clinical and academic partners are encouraged. The Department of Physical Therapy is an integral part of the Jefferson College of Health Professions (JCHP) which also includes the departments of Family and Couple Therapy, Medical Laboratory Sciences & Biotechnology, Occupational Therapy, Physician's Assistant, Professional and Continuing Studies and Radiologic Sciences. .

Thomas Jefferson University, an academic health center, was founded as Jefferson Medical College in 1824. Today this academic health center tests and treats 25,000 inpatients and more than 300,000 outpatients every year, and enrolls 2,600 future health care professionals annually. Public and private funding of Jefferson research exceeds \$64 million annually. **JCHP, along with colleges of Biomedical Sciences, Nursing, Pharmacy, Population Health, and the Sidney Kimmel Medical College** at Thomas Jefferson University are committed to educating healthcare professionals of the highest quality for contemporary practice in the global community.

Review of applications will begin immediately and will continue until positions are filled. Applicants are requested to submit a letter of application highlighting their qualifications, contact information for three references, and curriculum vitae to Dr. Kim Nixon-Cave, Associate Professor kim.nixon-cave@jefferson.edu, 215-955-1996.

Thomas Jefferson University is an Equal Opportunity Employer.
