<b>Date Ad Started:</b> October 23, 2018	<b>Expires:</b> January 23, 2019

Daemen College invites applications for a full-time, 12-month, tenure track faculty position in the Physical Therapy Program starting January 2019 for the spring semester of the '18/'19 academic year OR starting September 2019 academic year '19/'20. The preferred candidate for this position would have primary teaching responsibilities in the **cardiovascular and pulmonary physical therapy clinical practice area and/or geriatric clinical practice area**. In addition, the preferred candidate will have completed, or be nearing completion of, an academic doctorate (PhD, EdD, DHS, etc.) in physical therapy or related field and be eligible for PT licensure in New York State. Consideration will be given to applicants possessing a DPT with board certification/specialization (i.e. CCS and GCS), clinical experience in the cardiovascular and pulmonary clinical practice area, and previous instructional experience. Contingent upon expertise and interest, additional teaching opportunities may include introductory/pre-professional PT courses, orthotics and prosthetics, pharmacology, and biostatistics, as well as to mentor students in patient care experiences on-campus and in clinical research. Non-teaching responsibilities would include student academic advising, participating in departmental and college-wide committees, clinical practice, and ongoing scholarly productivity within a related field. Opportunities for internal funding to establish and strengthen research projects are available on a competitive basis.

**Description:**

Within the Division of Health and Human Services, Daemen College offers an entry level Doctor of Physical Therapy (DPT) degree program. The DPT curriculum is a 6 year, 3+3 program. Students may apply to the Bachelor of Science in Natural Science/DPT program as freshmen or transfers. Students already possessing a baccalaureate degree may apply directly to the professional phase of the curriculum. The Department of Physical Therapy is currently comprised of 16 highly motivated core faculty members engaged in a variety of clinical, service, and scholarly activities with a common goal of providing an outstanding educational experience for our students. Programs and activities are available to mentor junior faculty in pedagogy and scholarship. External clinical practice opportunities exist locally across all practice patterns. Daemen College provides a dynamic academic environment that fosters strong collaborative and inter-professional efforts within the College and local medical community. Our Academic and Wellness Center recently opened, which provides state of the art lecture and laboratory facilities primarily in the musculoskeletal practice area.

Daemen College is a small private institution offering Baccalaureate, Masters, and entry-level Doctoral degrees in a wide variety of professional and liberal arts programs. Daemen College is a dynamic institution with over 2,600 full and part-time students and exhibits a rich history in physical therapy education. Notified of its latest reaccreditation from the Commission on Accreditation in Physical Therapy Education (CAPTE) in November 2017, the program has been continuously accredited by CAPTE since 1977. Located on a scenic suburban campus in Western New York, the local area offers numerous community festivals, a vibrant arts scene, world-class architecture, and outstanding cuisine. Its proximity to Niagara Falls and an international border, along with low housing costs, makes Western New York a wonderful place to reside and recreate.

Academic rank and salary will be commensurate with qualifications and experience. Excellent fringe benefits are available. Review of applications begins immediately and will continue until the position is filled.

Qualified applicants should attach a cover letter, teaching philosophy, curriculum vitae, and three reference contacts with their completed application submitted directly through <https://daemen.applicantpro.com/jobs/>

Daemen College is an AA/EOE and strongly encourages applications from women, veterans, people of color, individuals with disabilities and candidates who will contribute to and support the cultural fluency and diversity of our campus.
