**Regular Rank Faculty Position**

**Assistant or Associate Professor**

Doctor of Physical Therapy Division, Department of Orthopaedic Surgery, Duke University

The Doctor of Physical Therapy Division (DPT) seeks a regular rank faculty member with expertise in **pediatrics** to join an expanding and dynamic faculty. The ideal candidate will have clinical expertise in pediatric rehabilitation, a terminal academic doctorate degree (PhD, ScD, or DSc), and will have demonstrated past research productivity and a continued desire for scholarship. The faculty position will include traditional and hybrid teaching responsibilities with the Doctor of Physical Therapy Division. Teaching opportunities will include pediatrics content and other contributions such as health policy. Clinical practice is an option for interested candidates and is strongly supported.

**Qualifications**

- PhD, DSc, or ScD degree;
- Licensed physical therapist, or license eligible, in the state of North Carolina;
- Clinical pediatric expertise (APTA Board Certification in Pediatrics preferred);
- Excellent verbal and written English communication skills;
- Ability to work independently, as well within a multidisciplinary team;
- Capacity to coordinate and perform research;
- Interest in teaching.

**Description:**

**Responsibilities**

- Course coordination and teaching in the Doctor of Physical Therapy Division;
- Pursuing a robust, individualized line of research;

Duke University and Department of Orthopaedic Surgery is an Affirmative Action/Equal Opportunity Employer and are committed to increasing the diversity of its faculty, staff, and learners without regard to an individual's age, color, disability, genetic information, gender, gender identity, national origin, race, religion, sexual orientation, or veteran status. We consider diversity and inclusion a critical core value of the institution. We welcome nominations of and applications from anyone who would bring additional dimensions to the University and Department of Orthopaedic Surgery's research, teaching and clinical mission

The position is a non-tenure track academic appointment. Interested candidates selected for an interview will be asked to present their research portfolio. All interested candidates should send (in confidence) a cover letter and curriculum vitae by March 1, 2019 including contact information for three references by email to:
