Contact E-mail: ebucholz@umflint.edu	Contact Web Site: careers.umich.edu
Date Ad Started: January 03, 2018	Expires: April 03, 2018

The University of Michigan-Flint is a regional institution in a revitalized urban setting located along the riverfront in downtown Flint. One of three campuses of the University of Michigan, we serve commuting and residential undergraduate and graduate students and offer over 100 undergraduate and over 38 graduate and post-graduate degrees. The UM-Flint campus is known for quality education, low faculty-to-student ratios, and its collegial environment. Please consider joining our growing faculty of educators in an innovative educational enterprise. We are seeking a creative, forward thinking faculty who envisions the future of physical therapy education in a rapidly changing healthcare environment.

The University of Michigan-Flint, Physical Therapy Department and Michigan Medicine, Physical Medicine and Rehabilitation are seeking applications from candidates with both Physical Therapy and Bioengineering degrees for a 12-month faculty/research position. The faculty member will have a dual appointment as a professor with tenure in Physical Therapy on the UM-Flint campus (50%) and a research professor non-tenure in Physical Medicine and Rehabilitation at Michigan Medicine in Ann Arbor (50%). This faculty member may teach in the Professional (entry-level) Doctor of Physical Therapy (DPT), Transitional Doctor of Physical Therapy (tDPT) and/or PhD in Physical Therapy Programs. Rank is commensurate with experience and academic credentials.

Responsibilities:

Professor (Instructional, Tenure Track)

- Provide instruction in professional and post-professional programs
- Provide Instruction and support for student projects, case studies and scholarly activities
- Provide student advisement in academic and professional socialization
- Effectively participate in the department's collegial model and faculty governance
- Participate in departmental and school faculty meetings
- Engage in service at department, school and university level and at regional, state and national levels
- Continue with record of professional development
- Engage in scholarly activities

Research Professor (Non Tenure Track)

Description: Engage in research activities including submission for research funding and mentoring students, junior faculty and clinicians in research.

Required Qualifications:

- Candidate must be licensed in a United States jurisdiction as a physical therapist
- Graduate of CAPTE (or its equivalent) Accredited Professional Education Program in Physical Therapy
- Ph.D. in Bioengineering
- Completion of postdoctoral research fellowship in bioengineering
- Contemporary expertise in assigned teaching areas
- Record of excellence in teaching in a DPT program
- Willing to teach in face to face (DPT/PhD) and online (t-DPT) formats

Ability to chair PhD dissertation committee(s)
Record of involvement in professional activities
Record of service to the profession
Record of significant scholarship (presentations and manuscripts)
Record of external funding from federal agencies as well as industry partners
Record of mentoring and involving DPT, PhD students in research
Record of mentoring and involving junior faculty and clinicians in research
Interest in outcomes research and clinical trials
