Regular Rank Faculty Position

Assistant or Associate Professor

Doctor of Physical Therapy Division, Department of Orthopaedic Surgery, Duke University

The Doctor of Physical Therapy Division (DPT) seeks a regular rank faculty member with expertise in **neuroscience/neuro-rehabilitation** to join our growing faculty. This position is best suited for a highly motivated physical therapist, trained at the PhD level (or equivalently trained ScD, or DSc), with formal neuroscience education/training. The faculty position will include traditional and hybrid teaching responsibilities within the Doctor of Physical Therapy Division, and the development of a strong independent research portfolio. This individual is expected to pursue the multiple research opportunities that currently exist with colleagues in the DPT and among other disciplines across Duke University. Maintaining a clinical practice is an option for interested candidates.

Qualifications

PhD, DSc, or ScD degree;

Post-doctoral training is preferred;

Licensed physical therapist, or license eligible, in the state of North Carolina;

Formal academic neuroscience training;

Excellent verbal and written English communication skills;

Ability to work independently, as well within a multidisciplinary team;

Capacity to coordinate and perform research;

Interest in teaching.

Responsibilities

Description: Course coordination and teaching in the Doctor of Physical Therapy Division;

Pursuing a robust, individualized line of research;

Collaborate with a talented neuro-rehabilitation team at Duke University

Duke University and Department of Orthopaedic Surgery is an Affirmative Action/Equal Opportunity Employer and are committed to increasing the diversity of its faculty, staff, and learners without regard to an individual's age, color, disability, genetic information, gender, gender identity, national origin, race, religion, sexual orientation, or veteran status. We consider diversity and inclusion a critical core value of the institution. We welcome nominations of and applications from anyone who would bring additional dimensions to the University and Department of Orthopaedic Surgery's research, teaching and clinical mission

The position is a non-tenure track academic appointment. Interested candidates selected for an interview will be asked to present their research portfolio. All interested candidates should send (in confidence) a cover letter and curriculum vitae by May 1st, 2018 including contact information for
