The Physical Therapy Department at the College of St. Scholastica invites applications for an open faculty position with an anticipated start of Fall Semester 2018. The position is tenure track negotiable, dependent upon credentials. The CSS Physical Therapy Department occupies a brand-new Health Sciences Building located just over a mile from the College's main campus in Duluth, Minnesota. This 45,000 square foot building has state-of-the-art teaching, clinic, and laboratory space shared by the Physical Therapy, Occupational Therapy and Physician Assistant programs. All programs contribute to the pro-bono community clinic located in the building. The PT Department consists of 12 core faculty with a mix of expertise, training and credentials, an Administrative Assistant, and several adjunct faculty. A vibrant on-line transitional DPT program is also managed by the Department. The program prepares clinicians to practice in any setting upon graduation, and professional behavior development and inter-professional experiences are emphasized across the curriculum. We are looking for an individual who is highly motivated and collaborative to join our dedicated faculty and staff. We are a team committed to outstanding teaching, professionalism, and inclusive excellence. Candidates with diverse backgrounds and experiences are highly encouraged to apply.

Responsibilities:

Participate in teaching coursework in the classroom, laboratory, and/or clinic; mentor DPT students; maintain a program of scholarly productivity; represent the DPT program through engagement in service activities for the department, college, community, and profession; participate in the implementation and evaluation of the curriculum for physical therapy education; maintain accurate and appropriate records, assist with accreditation reports and visits, and participate in ongoing program evaluation.

Requirements:

Candidates should have an earned doctoral degree (PhD or equivalent, DPT) to apply, and be licensed or eligible for licensure in Minnesota. The successful candidate will demonstrate a commitment to inclusive excellence as an expression of the Benedictine Values of the College.

Description: Teaching experience in a professional program is preferred. Individuals with expertise in Cardiopulmonary, Integumentary, Acute Care or Administration are a priority, but all candidates will be considered.

The College of St. Scholastica is a growing independent private college with its main campus overlooking Lake Superior in Duluth, Minnesota and extended campuses throughout Minnesota. Since 1912, The College of St. Scholastica (CSS) has been preparing students for a life of purpose and meaningful work by emphasizing the Catholic Benedictine values upon which it was founded. The College serves an enrollment of more than 4,300 students in undergraduate and graduate degree programs throughout six schools— nursing, arts & letters, business and technology, education, health sciences, and sciences. U.S. News & World Report consistently ranks CSS among the best colleges and universities in the region for academic excellence and Money Magazine has cited the College in the top third of all four-year colleges in the country based on graduation rates, educational quality, affordability, and alumni earnings.

Duluth offers the ideal four-season living experience offering a vibrant city center with lots to do, access to quality education and a true community feel. Duluth's downtown waterfront district encompasses a 90 block area of shops, boutiques, restaurants and night spots. Lake Superior, the largest fresh water lake in the world, affects the weather meaning Duluth has warmer winters and cooler summers. It also offers the perfect backdrop for camping, hiking, fishing, & canoeing in the summer. Fall and spring offer great hiking weather, and residents can ski and snowboard at Spirit Mountain, the Midwest's largest terrain park in winter. With over 30 unique neighborhoods, residents can choose the perfect setting to live. A 2014 survey conducted by the U.S. National Bureau of

Economic Research found that Duluth is one of the happiest cities in the U.S.
