Instructor/Assistant Professor

Department of Public Health & Community Medicine

The Tufts University School of Medicine's Department of Public Health and Community Medicine invites applications for a full-time faculty appointment at the level of Instructor/Assistant Professor as Director of Curriculum for the Doctor of Physical Therapy Program.

The Curriculum Director is responsible for all program curricular planning, implementation, and review processes. Works directly with program faculty to ensure a comprehensive and coordinated curriculum based on foundational documents, best evidence, and contemporary clinical practice. Directs the evaluation of stakeholder input as part of ongoing curriculum review processes. Serves as Chair of Curriculum Committee, which serves as the primary coordinating body for all issues involving the DPT curriculum. This committee educates faculty regarding the overall curriculum and how each course contributes to the overall curricular design; responds to university policies, employer, student and graduate feedback, and accreditation standards; conducts regular meetings with the faculty related to the curriculum; and coordinates the Annual Curriculum Review.

We seek a collegial individual who has a Doctor of Physical Therapy degree (or tDPT) with ABPTS specialization in a discipline appropriate for teaching responsibilities or a terminal academic doctorate in a discipline appropriate for teaching responsibilities.

This individual will have an understanding of higher education and contemporary clinical practice appropriate for leadership in physical therapy clinical education; knowledge of legislative, regulatory, legal, and practice issues affecting didactic and clinical education, students, and the profession of physical therapy; Licensed or eligible for licensure in Massachusetts or the state of residence; and Active in professional activities at local, state, and/or national levels.

This is a non-tenured track faculty position with salary and rank commensurate with qualifications.

Essential Tasks and Functions

Coordinate all activities of the Curriculum Committee.

Plan and conduct all Curriculum Committee meetings.

Assists Program Chair in the management of core and adjunct faculty, to include teaching responsibilities, course evaluations, and professional development.

Educates all core and adjunct faculty regarding the curriculum plan, to include integration, threads, and their role in curriculum development and review.

Mentor faculty in the development of syllabi, including construction of objectives and learning activities.

Reviews all course syllabi and coordinates institutional review by the Tufts University.

Ensures proper sequencing of courses within the curriculum.

Coordinates class scheduling to optimize learning sequence.

Ensures that curriculum review is an ongoing process, culminating in an Annual Curriculum Review.

Coordinates and assists with agenda formation for the Annual Curriculum Review

Provide primary Committee oversight to the following components of the Program Assessment Plan and CAPTE Self Study Report: Curriculum Plan / Academic Curriculum, Clinical Education Curriculum, and Program Resources.

Ensure all program policies, procedures and practices under the responsibility of the Director of Curriculum provide for compliance with accreditation policies and procedures.

Description: Teach courses as agreed upon with the Program Chair, Doctor of Physical Therapy Program.
