**Expires:** February 14, 2019

Walsh University is seeking a full-time core faculty member for the graduate program in Physical Therapy within the School of Behavioral and Health Sciences.

Applications from qualified individuals are invited for a 12-month, tenure or clinical track faculty appointment with rank commensurate with qualifications and experience. The faculty member will be instrumental in teaching and advancing the graduate program in Physical Therapy.

We are seeking a dynamic educator who is able to collaborate with faculty and clinical partners to implement and advance the vision and mission of the Physical Therapy program in coordination with the School of Behavioral and Health Sciences.

The ideal candidate will have a strong working knowledge in clinical education and geriatric or neuromuscular rehabilitation, or practice management. Applicants with content experience in other areas will be considered based upon their qualifications. Responsibilities include teaching, scholarly productivity, advising students, and participating in University and professional service. The faculty member will work closely with the current faculty in Physical Therapy and will report directly to the Program Director of Physical Therapy.

The desired start date will be as early as January 1, 2019. Applications will be reviewed until the position is filled.

**Description:**

The preferred candidate will possess:

- Teaching experience in graduate physical therapy education
- A record of scholarly appraisal and productivity
- Experience as a Site Coordinator for Clinical Education (SCCE) or Clinic Supervisor or Manager
- A minimum of 5 years of clinical experience working with a diverse population in clinical settings.
- A record of professional service
- Contemporary understanding of clinical evidence in Physical Therapy, Health Sciences, and inter-professional education

**Minimum Qualifications**

- Must be licensed or eligible for physical therapy licensure in the State of Ohio.
- An earned terminal academic degree (PhD, EdD, other) or candidates with a DPT degree will be considered if combined with a board specialization.
- An ability and willingness to develop and teach courses in the person's area of expertise.
- Strong communication and organizational skills.
- An ability to work collaboratively with faculty, staff, and students within the program and across the Institution.

Walsh University is an independent, coeducational, Catholic liberal arts institution. Founded by the Brothers of Christian Instruction, Walsh University is dedicated to educating its students to be leaders in service to others through a values-based education with an international perspective in the Judeo-Christian tradition.

Walsh University believes in the desirability of a small university that promotes academic excellence, a diverse community, and close student-teacher interaction.

The University provides an education that fosters critical thinking, effective communication, spiritual growth, and personal, professional, and cultural development. Walsh University encourages individuals to act in accordance with reason guided by the example and teachings of Jesus Christ.
