Expires: August 04, 2018

Description: Kinesio Taping® Assessments, Fundamental Concepts and Techniques. This 2 day course is designed to introduce participants to the science, assessment and application techniques of the Kinesio Taping® Method. Lecture Tutorials of the history, science and theory of stimulus transmission through skin and resulting therapeutic benefit across efferent and afferent systems is reviewed. Corrections for Epidermis, Dermis, Fascia, Space, and Muscle in case study format are presented. Lecture and demonstration by the instructor, then participants perform the Manual Assessments and Movement Assessments. Discussion of the assessment flow charts to determine correct applications and general progression of treatment clinically.
