PHYSICAL THERAPY AND REHABILITATION SCIENCE

The [University of Kansas Medical Center](http://www.kumc.edu) (KUMC) [Department of Physical Therapy and Rehabilitation Science](http://www.kumc.edu/physical-therapy) invites applications for a full-time (12 month) faculty member to join our team at the Assistant or Associate Professor level, either tenure-track or non-tenure track. Teaching opportunities exist for this faculty position in our well-established DPT and PhD programs, and the ideal candidate will engage in collaborative scholarly activities within areas that are existing strengths of the department: 1) rehabilitation and health promotion in people with pain or neurologic conditions; and 2) innovations in physical therapy education.

Expectations for this position include directing course(s) in the DPT and/or PhD program and building a scholarly agenda. To reflect our commitment to diversity, we strongly encourage applications from under-represented minority groups. Qualified individuals with expertise in biomechanics and related areas are also encouraged to apply.

Required Qualifications: PhD degree or equivalent in rehabilitation science or related field, eligible for PT licensure in Kansas, teaching experience at the graduate degree level, and excellent oral and written communications skills.

Preferred Qualifications: Post-doctoral research or clinical experience, identified research agenda related to rehabilitation science or education, experience with or promise of extramural funding

If questions please contact Hannes Devos, PhD (hdevos@kumc.edu)

Description: Link to posting: <http://jobs.kumc.edu/postings/21557>

About the Department: The [Department of Physical Therapy and Rehabilitation Science](http://www.kumc.edu/physical-therapy) is a nationally recognized program and is currently ranked #9 across all public universities and #19 overall. The location and environment at the KU Medical Center provides excellent opportunities for interdisciplinary and interprofessional research collaborations. The Department offers Doctor of Physical Therapy, PhD in Rehabilitation Science, and joint DPT-MBA and DPT-PhD degrees.

About the University: The KU Medical Center campus is a large urban academic medical center with numerous resources, centers and institutes. The campus is growing with a newly completed 171,000 square foot Health Education Building. This building provides functional spaces to support meaningful connections and interprofessional collaboration with advanced technology classrooms and state-of-the-art clinical and simulation labs. KUMC is an equal opportunity employer.

About the City: Kansas City is home to the University of Kansas Medical Center campus. Kansas City is known for its jazz music, friendly people, delicious barbeque and great sports teams at both the professional and collegiate level (e.g., Chiefs, Royals, Sporting KC, Jayhawks). Kansas City is considered the Paris of the Plains and is ranked one of the best places to live in the U.S.
