**Physical Therapy: Tenure Track Faculty**  
**Quinnipiac University**

**Job ID:** 2018-2392

**# Positions:** 1

**Department:** School of Health Sciences - Physical Therapy

**Type Regular:** Full-Time

**Overview**

The Physical Therapy Department at Quinnipiac University is looking for a dynamic individual to join 15 full-time faculty as well as several part-time clinical experts in developing a new generation of physical therapists as an Assistant or Associate Professor.

This is a full-time, 12-month, tenure track faculty, position beginning in July 1, 2018. The successful candidate will be responsible for teaching in the entry-level Doctoral of Physical Therapy (DPT) program.

**About the Physical Therapy Program:**

The DPT curriculum at Quinnipiac is an integrated hybrid model of foundational sciences and clinical courses designed to educate professionals who are prepared to provide exceptional health care in contemporary society. Physical therapy knowledge and skills are developed through experiential learning both in and out of the classroom. In addition to expert full- and part-time faculty, the department features ideal state of the art facilities, including a 16-camera motion analysis laboratory with mobile capabilities, human performance laboratory, and standardized patient and simulation suites. The department is housed in the center for Medicine, Nursing, and Health Sciences and actively collaborates with the Center for Interprofessional Healthcare Education, and the Schools of Engineering, Medicine, and Nursing.

The DPT Program embodies the University's commitment to its three core values: high-quality academic programs, a student-oriented environment, and a strong sense of community; the American Physical Therapy Association's (APTA) core values: accountability, altruism, compassion/caring, excellence, integrity, professional duty and social responsibility, and is dedicated to pursuing the APTA vision of "transforming society by optimizing movement to improve the human experience."
