How to Apply: Find application on link: <https://careers.pageuppeople.com/873/lb/en-us/job/501175/assistant-professor-of-physical-therapy>

Required Qualifications:

- Ph.D. in Physical Therapy, or a related field
- California Physical Therapy licensure, or eligibility. (Licensure in CA must be obtained within the first two years of employment)
- Two years or more of licensed physical therapy patient care, including experience across the lifespan in people with either neurological, orthopedic, cardiopulmonary, or pelvic floor disorders.
- Demonstrated potential to teach graduate courses
- Demonstrated potential for conducting scholarly research
- Demonstrated commitment to department and university missions of equity and inclusion
- Demonstrated commitment to working successfully with a diverse student population

Preferred Qualifications:

- A minimum of four years of clinical practice as a physical therapist in diverse patient populations and environments, including rehabilitation of complex patients.
- Teaching experience in a graduate program for physical therapy students in topics such as orthotics and prosthetics, geriatrics and management of patients with complex diagnoses
- Demonstrated research activity in rehabilitation science
- Licensure in clinical electroneuromyography or experience in ultrasonic imaging of soft tissue or clinical specialty certification
- Membership in the American Physical Therapy Association and associated academies
- Demonstrated experience successfully working with diverse students
- Demonstrated ability to supervise student research

Duties:

- Teach professional-level doctoral physical therapy [DPT] courses such as geriatrics, orthotics and prosthetics. [Mode of instruction may include in-person, hybrid, online, and/or any combination thereof.]
- Maintain and conduct research, scholarly and creative activities
- Supervise and advise DPT graduate students in physical therapy including directed research projects, where the students remain with the faculty for 1.5 years to complement his/her/their research
- Collaborate inter-professionally in teaching and research
- Develop potential opportunity to participate in multi-disciplinary collaboration with Kinesiology, Engineering, and other departments

Potential opportunity to collaborate in community outreach via Osher's Life-Long Learning Institute (OLLI), Orthopedic Faculty Practice and/or neurologic *pro bono* clinic which is included in a two-semester course sequence.

- Participate in service to the department, college, university governance, and community

CSULB seeks to recruit faculty who enthusiastically support the University's strong commitment to the academic success of all of our students, including students of color, students with disabilities, students who are first generation to college, veterans, students with diverse socio-economic backgrounds, and students of diverse sexual orientations and gender expressions. CSULB seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the People of California, to maintain the excellence of the University, and to offer our students a rich variety of expertise, perspectives, and ways of knowing and learning.

Physical Therapy Department: Within the College of Health and Human Services, Physical Therapy offers an entry level Doctor of Physical Therapy (DPT) degree program. The DPT curriculum is a three-year program. The Physical Therapy Department is currently comprised of nine highly motivated core faculty members engaged in a variety of clinical, service, and scholarly activities with a common goal of providing an outstanding educational experience for our students. Annually, a cohort of 38 students are accepted, taught and mentored by a dedicated and experienced faculty and staff.

Information on excellent benefits package available to CSULB faculty is located here:
