

<https://physionexus.org/>

Overview:

Dr. Trent Harrison, PT, DPT, OCS, FAAOMPT has developed a free educational platform that can be used to dramatically help Residency & Fellowship programs in terms of tracking information, data, and also spreading educational resources. Click on the website above to get started.

Note: The site is currently tailored towards Orthopaedic Residencies & Manual Fellowships; however, Dr. Harrison is willing to create other specialty-specific content if requested. You can contact him directly at physionexus@gmail.com to discuss any additional outcomes, areas, etc that would be needed.
